## SKILLS

**Languages :** Python, JavaScript, SQL  
**Backend :** FastAPI, Node.js, Express.js, REST APIs  
**AI & Tools :** LLM Integration, n8n, AI-Powered Development, VS Code, Postman, Render  
**Database :** PostgreSQL, MySQL, MongoDB  
**DevOps :** Docker, Kubernetes, Git, GitHub  
**Frontend :** React.js, HTML, CSS, Bootstrap 5

## EDUCATION

|                                                      |                           |
|------------------------------------------------------|---------------------------|
| <b>MCA — AIMIS, Gujarat Technological University</b> | CPI : 8.57   2023 – 2025  |
| <b>PGDCA — Gujarat Vidyapith, Ahmedabad</b>          | CGPA : 7.72   2022 – 2023 |
| <b>B.COM — Gujarat College, Ahmedabad</b>            | 60.13%   2019 – 2022      |
| <b>HSC — Navyug Vidhyalay, Ahmedabad</b>             | 64.00%   2019             |

## EXPERIENCE

**Python Developer** Jul 2025 – Present  
**RDFlex Pvt. Ltd. · Gandhinagar, Gujarat**

- Building **Platxa** — an AI platform where users type a prompt and the system automatically generates, tests, and deploys a complete ERP module using AI (Anthropic / OpenAI).
- Developing Python (FastAPI) backend APIs with PostgreSQL database, JWT-based authentication, and Kubernetes for deployment and scaling.
- Working on automated code validation pipeline that checks AI-generated code for errors, security issues, and installs it in an isolated Docker environment before deployment.

**Python Developer Intern** Jan 2025 – Jun 2025  
**RDFlex Pvt. Ltd. · Gandhinagar, Gujarat**

- Trained in Core Python — OOP, REST APIs, and FastAPI framework fundamentals.
- Built a complete **Hotel Management System** in Odoo 18 with room booking, billing, and Razorpay payment gateway integration.

## PROJECTS

**Platxa — AI-Powered ERP Generator** *(Currently Working)*

*Python · FastAPI · LLM · PostgreSQL · Kubernetes · Docker*

AI SaaS platform that converts natural language prompts into fully validated & deployed ERP modules using LLM orchestration and automated Kubernetes pipelines. [GitHub ↗](#)

**Hotel Management System**

*Odoo 18 · Python · PostgreSQL · Razorpay*

Hotel ERP with room booking, check-in/out, billing, and Razorpay online payment gateway integration.

[GitHub ↗](#)

**Foodie Hub — Food Ordering App**

*React.js · FastAPI · Docker · JWT Auth*

Food ordering platform with real-time order tracking, JWT auth, and multi-role support (user, restaurant, admin). [GitHub ↗](#)

## ACHIEVEMENTS

- 2nd Place** — State Level Tech Competition, Sakalchand University, Visnagar · Web Design (Code Spear) & C Language (Code Villa).
- Finalist** — Odoo × KSV Hackathon 2026, LDRP-ITR Campus, Gandhinagar (July 2026).
